

ARCTIC RINGS™

2078.16

Sonneman

Luminous circular rings suspended in multiple tapered stacks lend the lightness of air to Arctic Rings configurations. Illumination radiates from the surfaces and through the delicate edges of the floating rings. Available in multiple sizes as single pendants and chandelier configurations, this family can be overlaid across the space to create varying arrays of composition. Suitable for both residential and commercial environments.

FINISHES

Bright Satin Aluminum
